

## Danny & Diane Schatz

Contributed by Web Administrator

As parents of Donny, Danny and Diane Schatz have been involved with Donny's racing career from day one. They put Donny on the road in 1997 to chase the WoO Rookie of the Year and supported his racing career for the last 15 years.

Danny is a former sprint car competitor and used his experience to assemble the winning combination of people and equipment that helped Donny win back-to-back WoO titles. He is a pilot with several years of air time and in most cases will fly Donny to each of the races.

Diane spear heads the development and constant enhancement of the merchandising and sponsor-oriented marketing programs for Donny and you can find her at most races in the Schatz merchandise vending trailer.

Danny and Diane operate full service truckstops in Fargo and Minot, ND, and both are avid race fans that attend most events every season.
