

Krista Schatz

Contributed by Web Administrator

Krista Schatz, Donny's youngest sister, took over the Donny Schatz Motorsports website in 2004. Since then, she has been continually searching for new methods in technology to make the DonnysSchatz.com website one of the fastest and most user friendly websites around.

The creation and maintenance of this website is under the care of her company, Media K Design. Media K is a full service agency that specializes in print & web design, branding, and opensource web programming. Please contact Krista with technical questions about this site.
